

CASE STUDY: SYRACUSE AREA HEALTH

BACKGROUND

The ongoing partnership, **of over ten years**, between Syracuse Area Health (SAH) and Lutz has resulted in successful accounting and business solutions for the hospital. Syracuse Area Health has a rich history of providing high quality, cost-effective healthcare services to individuals seeking medical care.

MARKETS SERVED

Otoe County and Surrounding Areas

LUTZ SERVICES UTILIZED

- + Accounting and Consulting CFO Services
- + Charge Master Review
- + Enrollment
- + Revenue Cycle Consulting
- + Reimbursement Consulting
- + Medicare Cost Report

THE NEED

Syracuse Area Health wanted a consulting and business partner to join their team to provide financial guidance in the ever-changing, highly regulated healthcare industry.

THE SOLUTION

Working with the SAH leadership team, Lutz was able to optimize accurate reimbursement through the Medicare cost report, streamline the Medicare enrollment process, provide revenue cycles services, including a chargemaster review, and assist with timely and accurate monthly financial statements.

Lutz has become SAH's trusted advisor for providing high-level accounting and consulting services, as well as assisting in successfully navigating the critical access hospital and overall healthcare industry, so SAH can focus on providing high quality healthcare to their community.

THE RESULTS

"Our experience with Lutz has always been positive, professional, and timely. The consulting advice has been beneficial to our organization."
